

Effortless data integration and automation. **Locus** is a Platinum FME Reseller and your complete deployment, training and support partner.

 **Bring Life to Your Data**
One Platform, Two Technologies

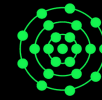

FME Form

- Connect and integrate data from hundreds of sources
- Transform data to fit your needs
- Validate, clean and improve your data
- FME is the enterprise industry leader in geospatial data

FME Flow

- Build workflows in FME Form and deliver them with FME Flow
- Real-time processing
- Automated data integration
- Flexible deployment; on-premise, the cloud or hybrid
- Powerful REST API

FME Flow Hosted

- The automation power of FME Flow with the flexibility of AWS
- No hardware investment
- Cost-effective scalability
- Managed service with maintenance, upgrades and security all taken care of

"We've been working with John and the team at Locus for more than 15 years. We've been inspired by the commitment, authenticity and leadership that Locus brings to all their customer relationships. Their unique blend of business competence and technical expertise makes them a great Safe Software partner and a powerful asset to any organisation"

Don Murray & Dale Lutz
Co-Founders, Safe Software
